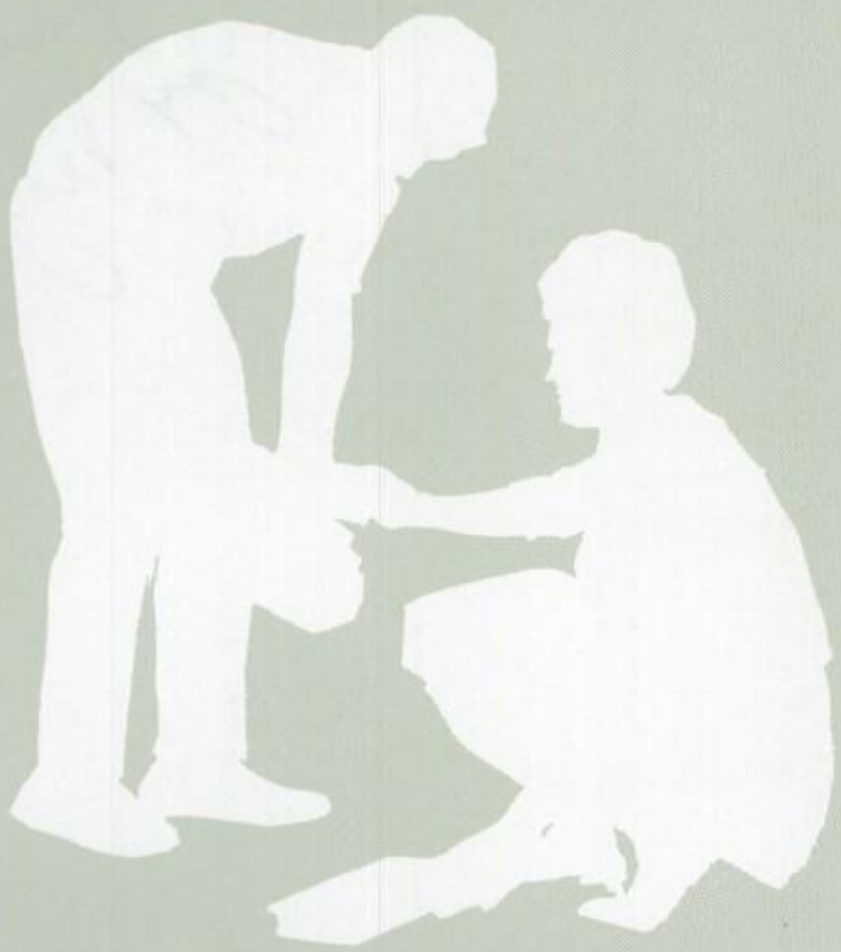
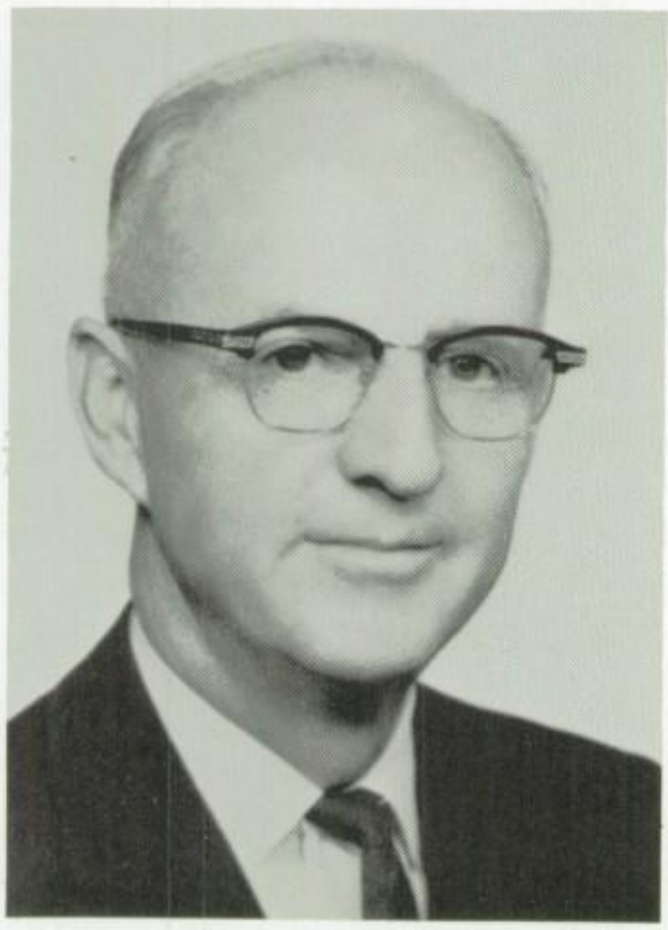
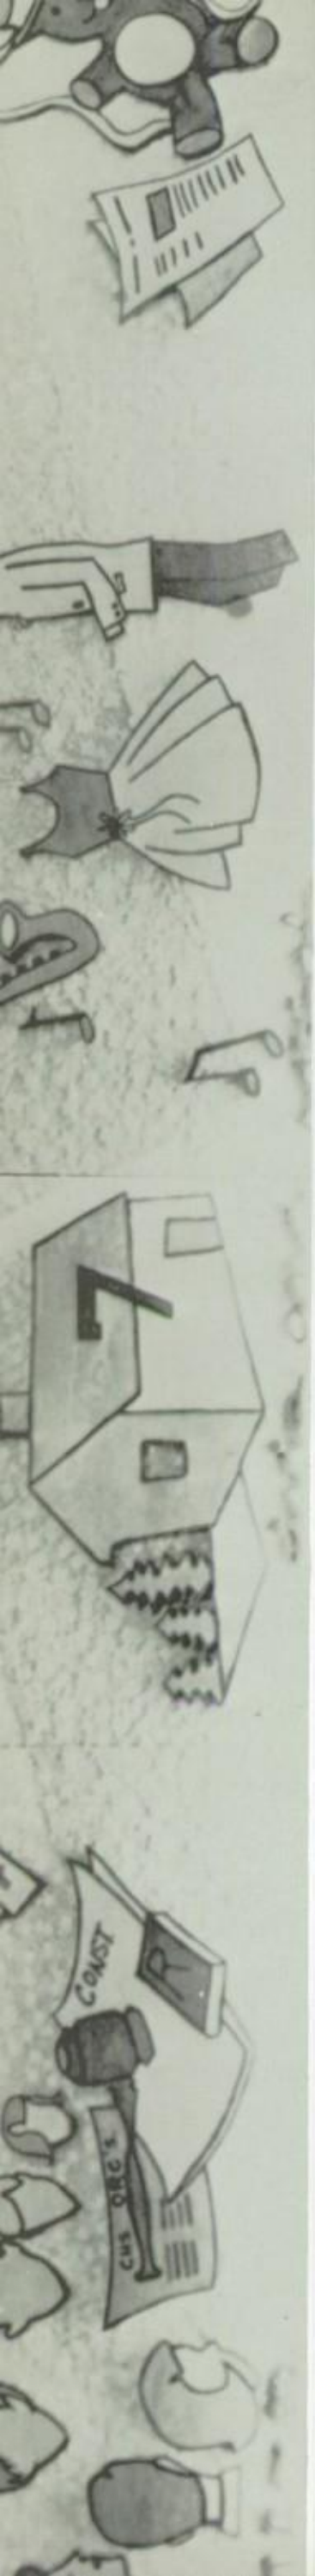
FOREWORD

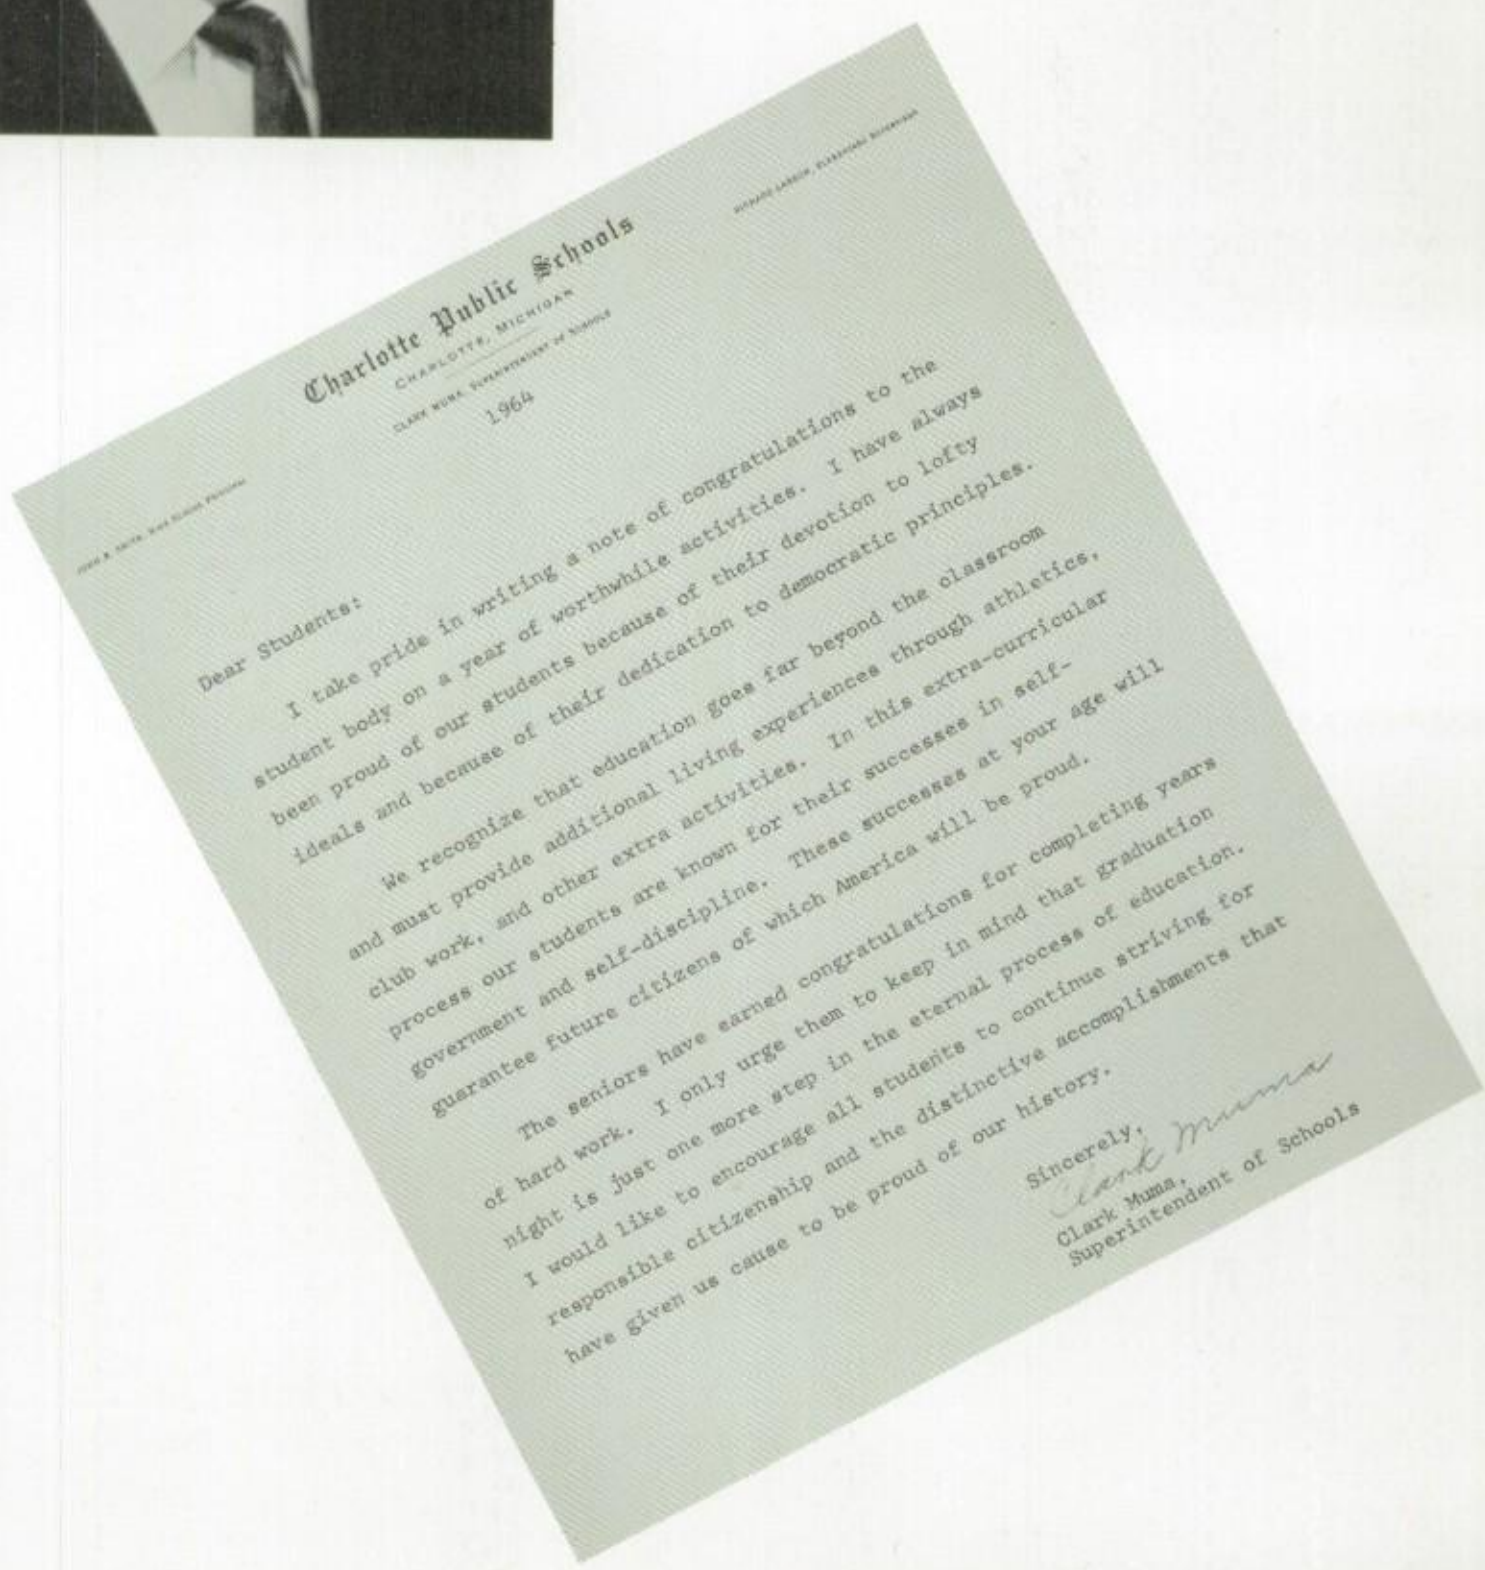
The 1964 *Charhian* is a silhouette of the past year at Charlotte High School. The staff has worked hard to profile the year's activities, and hopes that this book will provide many lasting memories.





Clark Muma, for fifteen years Superintendent of the Charlotte School System, has during his term of service seen four elementary schools, erected, and has been busy helping to plan a new Junior High. Next year the seventh and eighth graders will have a building of their own, and the present high school building will be devoted entirely to the upper classes.





Charlotte Public Schools
CHARLOTTE, MICHIGAN
CLARK MUMA, SUPERINTENDENT OF SCHOOLS

1964

Dear Students:

I take pride in writing a note of congratulations to the student body on a year of worthwhile activities. I have always been proud of our students because of their devotion to lofty ideals and because of their dedication to democratic principles.

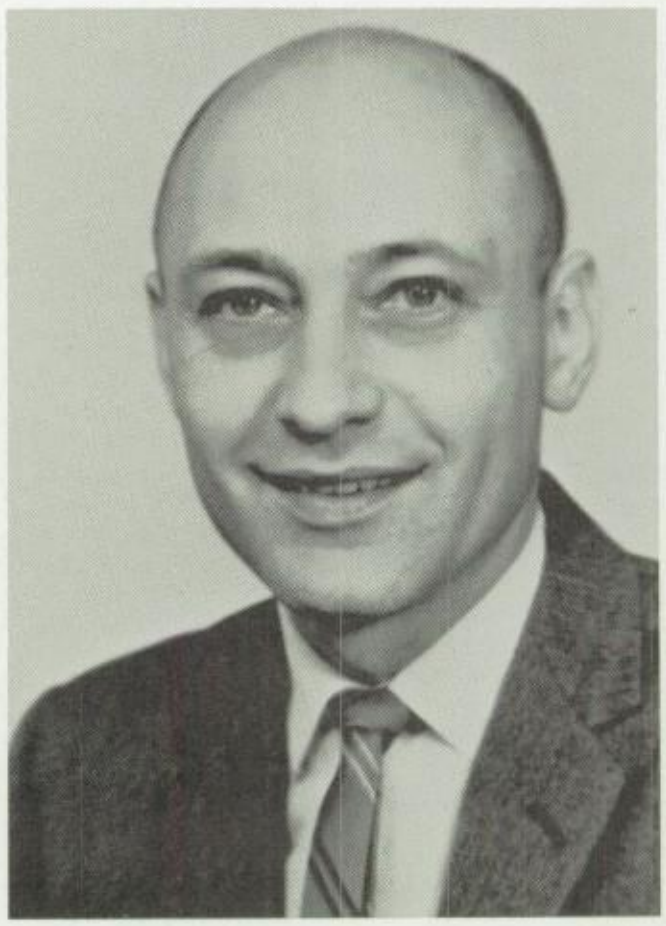
We recognize that education goes far beyond the classroom and must provide additional living experiences through athletics, club work, and other extra activities. In this extra-curricular process our students are known for their successes in self-government and self-discipline. These successes at your age will guarantee future citizens of which America will be proud.

The seniors have earned congratulations for completing years of hard work. I only urge them to keep in mind that graduation night is just one more step in the eternal process of education. I would like to encourage all students to continue striving for responsible citizenship and the distinctive accomplishments that have given us cause to be proud of our history.

Sincerely,

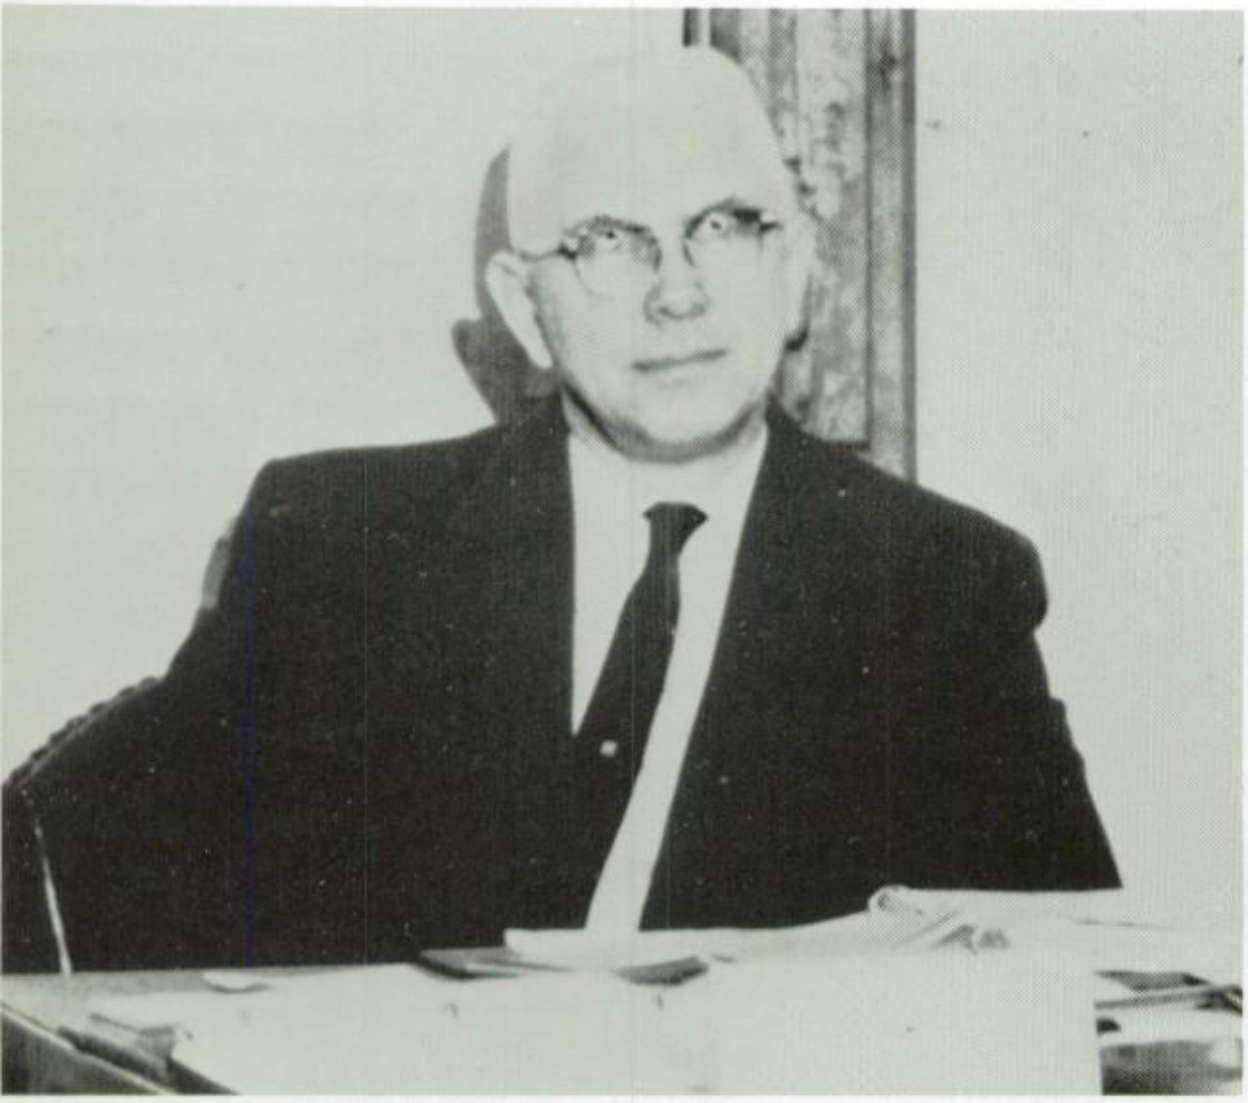
Clark Muma,
Superintendent of Schools

In accordance with his many functions, Mr. John B. Smith, ending his fifteenth year as principal of Charlotte High School, is now relocating offices and classrooms to take maximum advantage of the facilities added by the departure of Junior High students. The work involved will certainly be rewarded by the much-needed space that will be available next year.



Besides his duties as assistant principal of the high school, Mr. John Bogner advises the Student Council, supervises the English Department, and has a weekly radio program on WCER, During the summer months, Mr. Bogner will be instructing a class in the high school.

School Board Ends Eventful Year



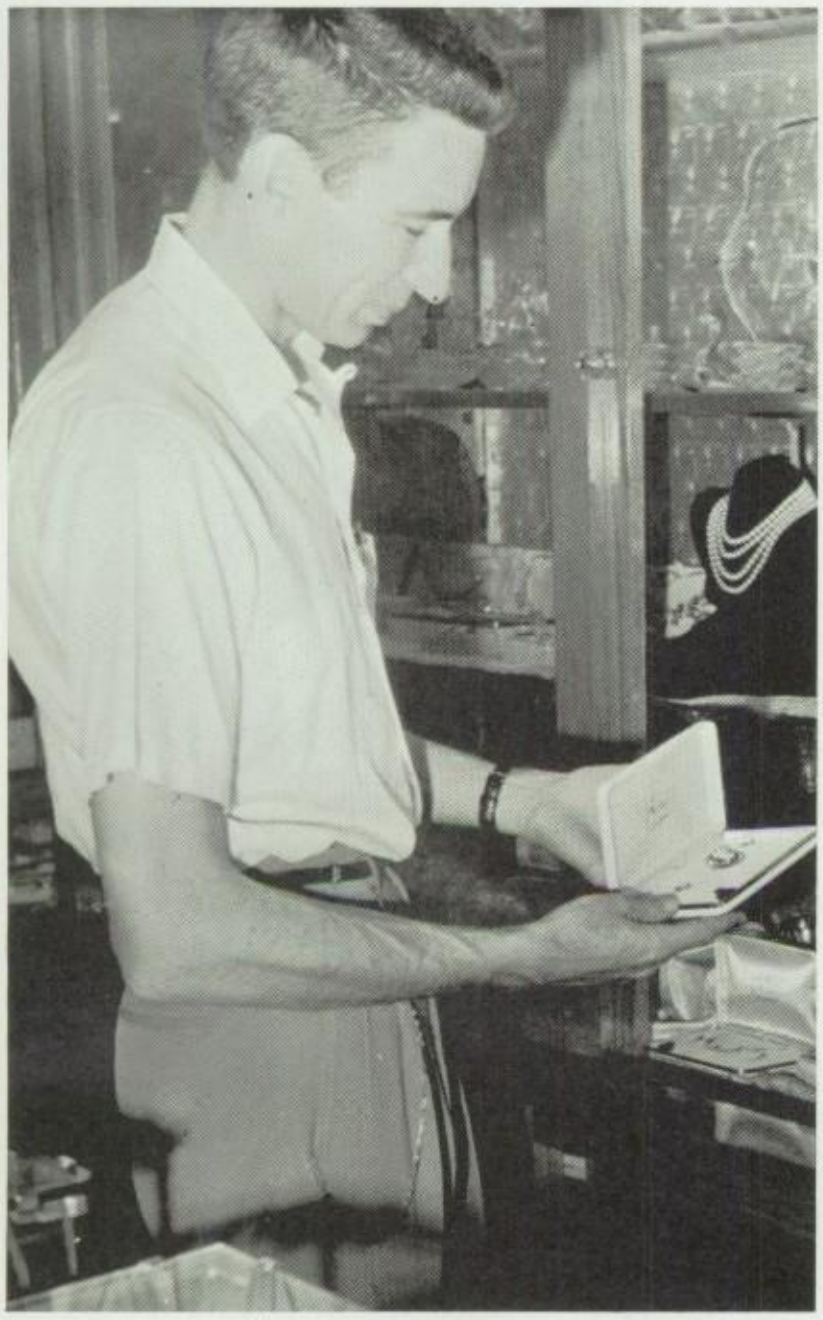
Mr. Frank Morgan, a typewriter repairman and rural mail carrier, is also the President of the school board.

Beginning with the opening of the new Leora Weymouth School and ending with the near completion of the new Junior High School the Board of Education has ended a very eventful year.

In addition to his office as secretary of the Board, *Mr. Bart Rypstra* is also a qualified television-radio repairman.

Mr. Harold Weaver, treasurer of the school board is also a productive farmer.

Mr. Jack Youngs, proprietor of Youngs Jewelry store, is the board's newest member with two and one-half years service.



Mr. Bud Squibb, a four year member of the board, is a salesman for Charlotte Auto Parts.

Mr. Bruce Bryan, a self-employed electrician, has been on the board four years.

Mr. Samuel Combs, a productive farmer, devotes much of his time as an active member of the school board.

The knowledge presented to the student body by the faculty has made this an academically and socially productive year at Charlotte High School.

A Presidential Order

Keeping physically strong and alert is the duty of everyone. The Physical Education instructors worked to help us all attain this fitness.

Each year of high school represents another step in educating a new generation to live in a continually changing world. And with each step the climb to greater knowledge becomes more and more difficult. With but a few years remaining, the "underclassmen" can look forward to high school's end, and the beginning of a different way of life.

The Junior Play —

"Visit to a Small Planet" was put on by the Class of 1965 with the invaluable aid of Mr. Krezel, the director; Mr. Goodling and the Art Department; and the stage crew. The cast and everyone involved spent many hours preparing the play for presentation.

The cast included Cheryl Nelson, Fred McLaughlin, John Lord, Sue Phillips, Mike Harvey, Sid Weseman, Dave Cove, and Mike Schneider.

a Howling Success

A good block that springs loose a long gain, two points in the last moment of play, that extra effort that brings victory in the quarter mile—these are the events students remember as they go through the high school years. With all the other activities offered, athletics afford the chance to develop a strong body and sound mind—those qualities education tried to instill in the individual.

Mary Ellen Byland, Kirby Lee Morgan Receive Highest Honors

MARY ELLEN BYLAND

The great honor of being first scholastically in a class of 208 students was achieved this year by Mary Ellen Byland. Aside from all the work needed to maintain her 3.9615 grade point average, Mary Ellen has participated in many extracurricular activities such as band, National Honor Society, and Student Council. She spent her junior year studying in Switzerland. The valedictorian plans to attend Georgetown or the University of Michigan to study for a career in the foreign service.

Music which takes the form of albums and folk singing is a part of Mary Ellen's life.

Kirby has gained much experience in speaking before the student body as Mayor of Charlotte High School.

Salutatorian of the class of 1964 was Kirby Lee Morgan, who achieved a scholastic average of 3.9444. "Kirb" has been extremely active in high school affairs, and as a senior led the student body as mayor of the Student Council. While duties as manager of the basketball team occupied much of his spare time, this year's salutatorian was also kept busy attending outside workshops in leadership training and was also a delegate to the Model United Nations at Hillsdale College. Kirby will attend Albion College next year where he will work on a degree in science and math education.

The task of compiling an account of the year's activities at C.H.S. falls upon the *Charhian* class. The thirteen students composing the yearbook staff must create from nothing a finished annual, which will be interesting, informative, and enjoyable for who purchase the book. All the work of a year—making layouts, writing copy, taking hundreds of pictures—results in a story of Charlotte High School life, the CHARHIAN.

The culmination of thirteen years of study: the end of a way of life; the leaving of old friends and familiar surroundings—these are the things a person experiences after receiving his high school diploma. Gone are the after-game dances and hayride parties; beginning is a new type of existence. Some graduates enter the business world, some a branch of the armed services, some go on to higher education. But when they receive their diplomas, the Class of 1964 will leave the halls of Charlotte High School forever.
